Moods of Candlesticks

Fear of upside after a strong upward Jump.

Confusion - unsure about the direction upside is slightly preferred.

Fear of upside during upward move reversal of an uptrend is possible.

Fear of downwards during upward moves. Downtrend Reversal or Uptrend Continuation?

Fear of downside after a strong fall.

Confusion - unsure about the direction downside is slightly preferred.

Fear of downside during downward move reversal is possible.

Fear of upside during downward move. Downward Continuation or Uptrend Reversal?
